From Where The West  
Begins.

By JOHN T. MEYERS.  
(For The Sea Coast Echo)

THE year 1934 has only 16 remaining before entering the realm of the past. A brand-new year—1935—will soon be born.

Gazing through an almanac the following facts are noted: Mardi Gras will be celebrated on March 5, and Easter Sunday on April 21st. There will be two Fridays the 13th. The first in September and another in December. 1935 is not leap year. The girls won't have a chance to do the proposing until 1936—(maybe this information will bring a sigh of relief from the handsome, eligible bachelors.)

BIRTHSTONES of the month's of the year:

January—Garnet.  
February—Amethyst.  
March—Bloodstone.  
April—Diamond.  
May—Emerald.  
June—Pearl.  
July—Ruby.  
August—Sardonyx.  
September—Sapphire.  
October—Opal.  
November—Topaz.  
December—Turquoise.

WHILE talking with an old-time tobacco dealer, mention was made of old names the large manufacturing concerns sometime give their products. The origin of these titles was unknown, but this dealer had sold chewing tobacco sporting the following "catchy" titles:

Red Juice, Red Meat, Red Crow, Fish Hook, Turkey Red, Big Lump, Hiawatha, Terrapin, Humbug, Newshoy, Brown's Mule, Climax and Bullion. That Red Juice and Big Lump win the silver and gold cupids in our estimation.

SIGN on downtown confectionary window—Giant Colossal Malted Milk—15c. Seems like some headline writer had a finger in the pie.

And the local liquor places are selling bottled Xmas 'spirits' in cedar chests, vanity boxes, and whatnots—maybe that's a scheme to help the married man make overtures after the night out.

SAYS Mr. Groucher, the re-write man: "A man feels distinguished looking with the first touch of gray at the temples, but shopping for his first set of 'store' teeth. He senses the icy hand of ubiquitous Father Time tugging at his coat tail."

A BIT of incomparable genuine southern hospitality, the proud birthright of Mississippian was revealed in a letter from Mr. H. V. Rausch, of Wiggins—although our acquaintance with this kind gentleman has been confined to business communication. He graciously extends the following invitation:

"Certainly am glad you expect to visit in our section during the Christmas holidays. By all means, do save a portion of your time to visit with me, and perhaps it will be possible to make a little hunt. The quail are quite plentiful and the season does not open until the 10th of December. We have very good dogs and I should like to match my shooting with yours. In any event, do promote you a quail feast."

Spoken like a true southerner, Mr. Rausch, and we thank you most graciously.

IT'S bad enough to have to get up early on a cold, frosty morn—and finding a stinging scorpion hidden in your trousers, doesn't help the situation. Especially when the scorpion scores six stings on the leg. The victim went to the hospital for treatment.

SAN Antonio's racing season is scheduled to open Christmas Day at Alamo Downs, where a short meet was held last spring, following Legislative sanction of Horse Racing. This sport had been previously outlawed in Texas for many years. A pari-mutuel betting system prevails.

Is feminine style history repeating itself, or did we just imagine we saw a split skirt reminiscent of the 1915 area?

A LOT of war veterans are earnestly trusting President Roosevelt will tell Santa to drop their bonus payment down the chimney for Xmas—anyway it would mean a temporary armistice in the battle of depression for the heroes of 1917—and the greater portion of this money will be put into immediate circulation by the "Boys." The general effect on business will be far-reaching.

CHEER-UP, smile, during the Xmas holidays, at least. You will soon have a whole new year to grumble through—if you must be a grouch. Forget the tough breaks—there's many a guy that can beat your hard luck experience and still has courage to smile and fight on.

### TRIO JOIN MOVEMENT TO REMOVE BILOXIAN FROM NEW ORLEANS U.S. POST

Biloxi Paper Says Senator Trying to Eliminate Kennedy Because Latter Placed in Custom's Office Over Senator's Protest

That John J. Kennedy is the target of a well-planned campaign to remove him as collector of customs for the Port of New Orleans, became known, says the Daily Biloxian newspaper, through semi-official city hall sources.

Persons intimate with political affairs frankly told The Daily Biloxian this morning that as the result of a conference yesterday between Mayor R. Hart Chinn and Senator-elect Theo G. Bilbo, pressure on Washington to remove Mr. Kennedy would be exerted before the first of the year.

Senator Huey P. Long of Louisiana had previously agreed to use his influence in whatever campaign Mayor Chinn and Bilbo outlined.

Two-Fold Reason

The reason for the fight on Mr. Kennedy is two-fold: Senator Long has been determined for some time to eliminate him if possible, because Mr. Kennedy was appointed over the protest and in spite of recommendations of another person by Long.

Senators Long and Chinn are

both members of the same political party.

Early in the week Mayor Chinn issued a statement in which he charged that Mr. Kennedy was not a "qualified elector." He did not review his proof of the allegation.

Senator Pat Harrison, whose recommendation secured the New Orleans post for Mr. Kennedy, is a bitter enemy of Senator Long. Reports current in Biloxi and substantial to a degree by statements from Long's headquarters, are to the effect that Senator Long will invade Mississippi during the next year's campaign in an effort to defeat Mr. Harrison.

Mr. Kennedy is not unaware that efforts are being made to remove him. He continues to maintain complete silence about the fight on him, or with regard to the local political situation.

He is survived by his wife and one daughter, Mrs. Ashton, all residents of Gulfport.

Funeral will take place this Friday afternoon at 3 o'clock, Gulfport.

All stores, including Bay St. Louis Serve-Self, Manager M. E. Badon, announces, will be closed for the balance of the day from 10 o'clock A.M.

Death of this splendid gentleman causes wide-spread sorrow. The Coast has lost one of its useful and influential citizens.

Scripture reading—Matt. 18th chapter, eight verses, read by the president. Prayer by Bro. Allen.

An interesting talk was given by Miss Mae Edwards in regard to the work for the ensuing year.

Election of officers:

President, Mrs. W. S. Speer, re-elected.

Vice-president—Mrs. J. H. Fleetwood.

Secretary—Miss Ethel Sylvester.

Treasurer—Mrs. James Sylvester.

Pianist—Mrs. Fred A. Wright, re-elected.

Committees were appointed by the President.

Chairman of Program Committee: Miss Mae Edwards.

Chairman of Personal Service: Mrs. Ethel Sanford.

Social Service—Mrs. J. H. Fleetwood.

Mission Study, Bro. Allen.

Ways and Means—Mrs. W. O. Sylvester.

Mrs. Eugene Davis was elected Leader of Junior G. A. assisted by Mrs. J. H. Fleetwood.

Miss Emma Little was appointed Leader of Sunbeam Band.

Business matters attended to, a social hour was enjoyed in refreshments, which consisted of salad, cake and coffee, were served by the hostess. The next meeting will be held at the church, Wednesday afternoon December 19, at three-thirty.

O. T. Arnold's Farm,

Dunbar Avenue, Is

Interesting Place

There are several beautiful bearing grapefruit trees out on the Arnold Farm, Dunbar avenue, attracting more than ordinary interest for their productiveness, large and perfectly shaped fruit. The farm is a combination of country and city home of Mr. and Mrs. Arnold, whose residence is in the city limits and farm within the county.

One of the bearing grapefruit trees, growing on the front lawn, carries a limb bearing fourteen separate fruits, other limbs carrying from one to six, a total of thirty-two on one tree. There are orange trees, also in the front yard, laden with the golden colored fruit, a sight that wins admiration.

All of this serves as an indication of the possibilities of this section of the Mississippi Gulf Coast.

Most anybody can write, but the trouble is to get somebody else to read the stuff.

REMEMBER EVERY CHILD THIS XMAS WOULD BE BLESSED

Bay St. Louis People and Others Urged to Make This Merriest Of Christmases

With only a few more days to wait before the arrival of Christmas and for the visit of the good old Saint Nicholas, the children of Hancock County and the whole world are counting the hours and even the minutes. If they aren't, they must be sick or abnormal. Already, lists have been made, letters written to Santa Claus and the long wait for the time to come being borne impatiently. A number of these letters have already reached The Echo.

While Christmas is primarily a children's holiday, the grownups will have a great part in making it a real success. The very foundation of the observance of Christmas is giving and without this there would be no Christmas.

Wouldn't it be a fine thing this Christmas if every citizen of Hancock County would accept the responsibility of giving something to someone less fortunate than himself and thus help to lighten that person's load a little. There are so many people around us, who, through no fault of their own, are having such a struggle for existence that even a little would help so much.

We read in the newspapers of the larger cities where the welfare associations have prepared a list of the neediest cases that have come to their attention and help is solicited for these. Money and assistance is given by rich and poor alike to help these unfortunate.

While we may not do this in Bay St. Louis, still all of us know of one child, some man or woman who, unless some outside aid is received, will have a rather barren, cheerless Christmas. Surely, we couldn't enjoy our Christmas as much if we failed to share our much or little with others.

Let's make this an unselfish Christmas, remembering the words of Him whose birthday we are observing when he said, "It is more blessed to give than to receive."

While we may not do this in Bay St. Louis, still all of us know of one child, some man or woman who, unless some outside aid is received, will have a rather barren, cheerless Christmas. Surely, we couldn't enjoy our Christmas as much if we failed to share our much or little with others.

Association to be Represented

The association is to be represented at the meeting called for Tuesday night at the Court House to lay ways and means of helping people who have been dropped from the Government relief rolls.

Card Party Announced

Mrs. Carrere announced that there will be a card party for the benefit of the Association given by Mrs. James E. Fitzwilson about the middle of January. Tallys will be one dollar each. Tickets will go on sale immediately after the Christmas holiday.

In Course of Progress—Re-

building and Repairing

Following Recent Fire.

Damages resulting from recent fire at Church Our Lady of the Gulf are in process of repair. That portion of the church where the fire destroyed floor and walls and wardrobe cabinets are already fully replaced, all new.

High scaffolding reaching from floor to the top of the semi-shaped dome over the high altar carry workers who are repainting the walls that were damaged by smoke. This work has been in progress since last week and will continue over to next week, possibly until finished.

Fire caused considerable more damage than was estimated adn a corner of the church had to be practically rebuilt, brickwork, plaster and carpenter work.

Horace Farr, of Bay St. Louis, who called Father Gimelch the night of the fire, has the contract for the carpenter work. Brick and plaster work by Frost (Jacques) Favre contractors sanctuary and sacristy interior by Otto Beuhler, of this city.

Contract for repainting statues damaged by fire given to Artist Groesch, of New Orleans, whose artistic and finished work of this kind, is noted from the various altars of the church.

Owing to the fact that the welfare

is unable to provide a supervisor for

the school lunches this year, a com-

mittee was appointed to take charge

of the work. The following mem-

bers were appointed:

January—Mrs. Leo Seal, Mrs. Rod-

Mrs. Gus Terry.

February—Mrs. James Evans, Mrs.

Fred Wright, Mrs. Harold Weston,

Mrs. Richard Koch.

March—Mrs. Horace Kergosien,

## LOCAL OUTLOOK FOR NEW YEAR

**O**UTLOOK for 1935, the New Year, appears encouraging and a little introspection chases away pessimism. Particularly for this section and the entire Mississippi Gulf Coast the forthcoming twelfth-month period casts rosy rays across the vista of the future.

Permanent establishment of Coast Guard station at Biloxi, immediate building of the great west pier and warehouses for Gulfport at a cost of over a million dollars, with completion of soldiers' home costing over a million dollars and the fact that Senator Bilbo has expressed he will at once set the machinery in motion for the building of a hard-surfaced highway from Memphis to the Coast are major projects and accomplishments that are of more than ordinary significance.

Bay St. Louis and this section of the west coast will receive an abundant benefit to accrue from immediate improvements at hand and from early possibilities as well.

Is not the probability of gas for this section by July 1 an outstanding factor? And the completion of the Shortcut Highway, connecting this coast with the outer edge of New Orleans within sixty minutes, of significance?

Acquisition of two canning industries for this city during the past few months mean added payrolls to the community.

With the shortcut and gas service for Bay St. Louis and vicinity local real estate will, as matter of natural sequence, enhance in value. There will be more demand for better houses, and gas will help to make them so, and it is only by demand for reality are values enhanced and sustained.

We can expect no real prosperity until there is a healthy, established demand for dwellings and other buildings. This is the basis upon which values will augment and in turn there will be a lower taxation. More property owners to equally bear the burden.

## CHRISTMAS TRADE IMPROVES

**W**HICH business generally running ahead of last year merchants and business men of Bay St. Louis expect the best Christmas shopping season for some years.

A spirit of confidence seems to be widespread and the people of Hancock county are spending their money more freely than last year. Besides, which is decidedly to the point, they have more money to spend.

All sections of the United States report a similar condition, attributed to improved farm income, larger payrolls, emergency government expenditures and more stable banking conditions. These are factors that make for confidence as individuals look ahead and present spending reflects optimism for 1935.

In Bay St. Louis this year one finds a much larger assortment of Christmas merchandise and merchants report something of a shop early trend, with buyers coming in right along to make their selections.

## HUGE MIRROR SUCCEEDS

**L**AST March a huge two-hundred-inch glass mirror was poured by the Corning Glass Works at Corning, New York. It was to be used for the world's greatest telescope, to see one million times better than the human eye, thereby looking out into the astronomical spaces to gather information for mankind.

A few days ago a second such mirror was started, requiring nearly seven hours for the twenty tons of hot glass to be poured out, and during the next ten months it will be gradually cooled, hoping that no flaws will appear.

Man's knowledge has been greatly improved by technical apparatus. The telescope is one of many instruments being used, others including the microscope, the spectroscope, and others. Through these agencies man's eye can see minute particles of matter invisible to the naked eye and bring objects millions and millions of miles away close to him.

## CIVIC LOYALTY REVIVING

**C**IVIC groups, including associations of business men, suffered terribly during the past few years particularly in the smaller cities and towns of the United States.

Public support for these organizations dwindled as conditions became worse and many of them were practically put out of business by the depression. During the lowest period of business activity and reduced incomes one could hardly locate the enthusiastic and liberal supporters of these agents of the public good. Apparently, they were hibernating.

Now that the future presents a picture comparatively alluring, there are evidences of renewed community optimism with outbursts that threaten action along the boosting type. It is not altogether unwelcome as most towns and cities are aided by civic loyalty and enthusiasm. The spirit that is engendered can accomplish much good in Bay St. Louis, as well as elsewhere.

This Christmas season is an excellent opportunity for all of us to remember the unfortunate families in our community. Let's try and make everybody happy for just one day!

## VOTE FOR GAS SATURDAY

**O**N SATURDAY of this week, December 15, voters of City of Bay St. Louis will be called upon to vote on the preposition of gas—natural gas for domestic and industrial purposes, largely, of course, for domestic usage.

Special election is called, according to law, for voters to accept or reject an ordinance granting a franchise to representatives from natural gas fields in Louisiana-Mississippi to enter into our city and supply consumers with the product.

We understand the franchise, as proposed, is a far better one and to the advantage of our people than exists elsewhere. There is a cheaper rate per thousand cubic yards, there is no charge of twenty-five cents for reading meters monthly as obtained in New Orleans and other places along the gulf coast and there is no initiative or installing cost to the city whatever. Hence the tax-payers are free of additional burden. This cost of coming into the city will be borne entirely by the operating company, and said to be at a cost of approximately \$50,000.

Cost of installing meters at \$10.00 has been criticized. But this is for tenants only and not for owners of property. This charge was fixed about the same all over wherever gas is consumed.

For the purpose of discouraging the tenant who is ever moving or changing place of residence and to protect unpaid gas bill when the tenant moves. In fact, we rather welcome this charge. It will have the good effect for which it was intended.

In all the proposition, as reviewed by knowing ones, tell that it is the best proposition Bay St. Louis and its people could ever expect to procure.

It seems the time to get gas is now or never. Bay St. Louis formerly made an insistent and desperate attempt but failed.

Will we fail at the polls Saturday? Turn out and vote.

So far as we have been able to find out the collection plates still suffer from the depression.

## HELP FIGHT TUBERCULOSIS

**T**HE sale of Christmas seals, sponsored every year by the National Tuberculosis Association, is now going on in Hancock county and should meet with a hearty response here.

More than 650,000 American citizens are said to suffer from tuberculosis at an economic cost of around \$350,000,000 a year, and despite the progress being made in control work the disease still kills more people in the prime of life than any other malady.

Early diagnosis is vitally important for the recovery of individuals and extensive educational programs along this line are being carried out. When the disease is diagnosed within six months of the first symptom the chance of recovery and the cost of the patient's care considerably less.

Once every year, at the Christmas season, the people of almost every community in this country have an opportunity to help fight the scourge that afflicts so many persons. It is the privilege of every reader to participate in this great battle by buying Christmas seals or Health Bonds which will aid the national and local associations to carry on the campaign necessary to win the victory that is desired.

A budget is a good thing for any family if the family will carry it out, but it won't work miracles by itself.

## GOVERNMENT WILL FORECLOSE

**A**NNOUNCEMENT that the government will foreclose on property under mortgage to the Home Owners' Loan Corporation unless interest due is paid, made by John H. Fahey, chairman of the corporation, gives notice to all those who have been under the impression that undue leniency may be expected.

The government in making vast sums available to citizens as emergency relief measures, had no intention, so far as we know, of giving away money, but only sought to relieve distressed debtors who otherwise might have lost their property. For those succeeded to try to take advantage of the government would be poor grataitudo and if there are such in the country then the sooner the government cracks down the better.

It will be somewhat assuring to many citizens who have wondered whether these loans, and others, would be administered in a business-like way, to know that the government is ready to proceed vigorously against those who can pay their obligations but attempt to evade their responsibilities on the assumption that the government will take no action against them.

As 1934 comes towards the end we might as well admit that we are in better shape than we expected to be.

## A PICTURE THAT APPEALS

**C**AN YOU actually visualize, in your mind, the appalling report that one out of every six inhabitants of the United States is on relief?

Isn't it hard for you to realize that the great land of opportunity, so-called but a few years ago, is today filled with men and women, whose hopes have turned to ashes and whose daily bread depends upon a thoughtful republic?

Don't you realize, as a public spirited man or woman, that until there is an economic upturn that will give to these unemployed an opportunity to work, no other problem can compare with it in gravity so far as the real welfare of the nation is concerned?

The Sea Coast Echo has no idea when the improving economic condition of the United States will be strong enough to again furnish work for all our people. It believes, however, that the people of Hancock county do not wish to see little children now growing up, suffer irreparable damage through the misfortune of their parents, now caught in a maelstrom of economic and social currents.

## CAPITOL ACTIVITIES

(By Walker Wood, Secretary of State)

**G**OVERNOR Sennett Conner has called a special election in the Tenth Judicial District to name district attorney to succeed Hon. Albert C. Dunn, recently elected to Congress. The date of the election is January 29th, 1935. Hon. J. V. Gibson was appointed to fill the vacancy until the election.

State Land Commissioner R. D. Moore and Attorney General Greek L. Rice have filed several law suits in various counties of the State, asking the courts to set aside patents to lands heretofore issued to certain parties. It is charged that certain purchasers made false representations of facts in regard to the quality and conditions and improvements about the lands.

The town of DeSoto in Clarke County has been abolished by gubernatorial proclamation, following an election held by the citizens, a majority of whom voted to have the municipality abolished.

The State Railroad Commission held its monthly meeting on Tuesday, December 4, and disposed of many cases, among which were: the petition of the Postal Telegraph Company to be allowed to discontinue their office at Corinth—denied. The case of the Railroad commission vs. all telephone companies operating in Mississippi for reduction of Exchange rates was set for hearing on Tuesday, January 15th.

Over 5,100 school children, teachers, and adults attended the first week's presentation of the State Game and Fish Commission's educational talking pictures depicting the state's wild life conservation activities. Director Hunter Kimball is accompanying the pictures throughout the state, and giving a short talk on the subject shown.

Mrs. Mary Baker, Supervisor of Crippled Children, for which W. F. Bond, State Superintendent of Education, is Treasurer, wishes to thank all the people who have sent in donations, and that donations will be cheerfully received at any time for this worthy cause.

Executive Secretary W. H. Smith of the Board of Trustees for the University and Colleges, states that the opening weeks of the current session of all the institutions, show gains in attendance ranging from less than one per cent, to 37 per cent, the average gain being more than seventeen per cent. The enrollment for all institutions last year was 3800, and this year 4453.

"Reports come in from the several institutions," states Mr. Smith, "as to improvements through the Tupper program, show many dormitories, libraries, administration buildings and campus residences have been made comfortable, attractive and have been saved from deterioration for lack of paint and repairs."

**T**IMBER is rapidly being cut out of South Mississippi. So far as this immediate community is concerned, our large timber tracts are gone. Tung oil production promises to take up the industrial slack left by this timber extraction.

Lamont Rowlands has pioneered vigorously in this new field, and the results already attained give promise of widespread results in our section of Mississippi. The time is ripe for business and financial leaders to recognize this new industry. Cut over pine lands which are today considered of little or no value may become genuine assets as tung oil orchards are increased. When land evinces a policy of flexibility in sup-

a fair bid to return.

The federal government through its numerous financial branches has evinced a policy of flexibility in supporting various industries. Logic indicates that the tung oil promotion should be given consideration at the hands of our government. This would be real rehabilitation. With a brand new industry offering a domestic market valued at \$75,000,000 annually it seems practical that zealous promotion should be brought to bear. A lackadaisical attitude should not be tolerated under any consideration.

We are standing in the face of an opportunity which a hundred other sections of the world would enthusiastically welcome with open arms.

## WITH THE PRESS

(Gulfport Herald)

**J**UDGE WHITE: IT IS very true that one's eightieth birthday may fall on any day of the week—but to have to fall on any day whatsoever, first catch the 80! Judge W. A. White, selected last Saturday for his eightieth anniversary, and because of it his many friends, some of whom overlooked it, wondered why it was such a bright day, and all.

The able Circuit Judge, who has been a successful lawyer, a fine judge and a very capable, useful and appreciated citizen, had every reason for congratulation that he had been spared for the usefulness, the achievement, the love of family and friends, the evidence of trust and confidence of client and citizen, which have made his a very full and satisfactory life. Mind undimmed by age or infirmities that beat us on the trail, undeterred by any obstacle, feeling sure of himself, determined, and doing his appointed work and fulfilling his trust without fear or favor, he is the embodiment of what we often have said: That the community which has in it a good lawyer who also is a good man, has a great force, and the second fact, that no other officer in government receives so little and yields such power with more moderation than an upright and fearless judge—and if we did not sincerely believe him to represent all those desirable qualities, we would not mention them here.

## THE 'SUGAR BOWL' GAME

(N. O. Times-Picayune)

**F**OR the first "Sugar Bowl" football game, to be played here in New Orleans on New Year's Day, the committee in charge has chosen Tulane to represent the South and Temple as representative of the East. Both have accepted its invitation, insuring a post-season contest that should pack the Tulane Stadium with football enthusiasts from near and remote places.

Tulane, undefeated and untied in the Southeastern Conference, divided its championship honors with Alabama. The latter's acceptance of the Rose Bowl bid made the local co-champion obvious and logical choice as the Southern contender in the state, and giving a short talk on the subject shown.

Mrs. Mary Baker, Supervisor of Crippled Children, for which W. F. Bond, State Superintendent of Education, is Treasurer, wishes to thank all the people who have sent in donations, and that donations will be cheerfully received at any time for this worthy cause.

## MISSISSIPPI POWER COMPANY

### REGULAR MONTHLY MEET CO. BOARD SUPERVISORS.

STATE OF MISSISSIPPI  
COUNTY OF HANCOCK.

Be it remembered that there was held a regular meeting of the Board of Supervisors of the aforesaid county and state in the City of Bay St. Louis, at the Courthouse, thereof on the first Monday of December, A. D. 1934, at 9 o'clock A. M., being the 3rd day of December, 1934 and being the time and place for the holding of said meeting.

There were present, to-wit: Emilio Cue, President of said Board; Chas. B. Murphy, John B. Wheat, Calvin Shaw, and Lander H. Necessie, members; T. E. Kellar, Sheriff of said County and A. G. Favre, Clerk of said Board.

Be it ordered by the Board that the following bill be allowed and paid out of the School Fund, as per bill on file, examined and approved, to-wit:

A. S. McQueen, Supt. of Education ..... 105.33

Be it ordered by the Board that John Rutherford be and he is hereby appointed bridge tender at Bayou LaCroix Bridge at a salary of \$15 per month, effective as of January 1, 1935, for a period of one year.

Be it ordered by the Board that Manuel Shiyu be and he is hereby appointed Bridge Tender at Jordan River, at a salary of \$15.00 per month, effective as of January 1, 1935, for a period of one year.

Be it ordered by the Board that Mrs. John Rutherford be and she is hereby appointed keeper of the poor house, for a period of one year, and the said appointment to be effective as of January 1, 1935. The said Mrs. John Rutherford to be paid the sum of Ninety cents per day for each inmate in the said institution.

Be it ordered by the Board that Edwin Prevo be and he is hereby appointed Janitor for the courthouse at a salary of \$25.00 per month. The said appointment to be effective as of January 1, 1935, and to cease at the will of this Board.

Whereas, by the acts of 1932, under Chapter 174, the number of Justices of the peace for each beat has been reduced to one for each beat, except where two have been provided for, and

Whereas, the Board is of the opinion that it would be wise and the best policy to have two Justices of Peace for Beat Five of Hancock County,

It is therefore, ordered that there be two Justices of the peace elected in Beat No. Five of Hancock County, Mississippi.

Be it ordered by the Board that notice be given to all banks in Hancock County and adjoining counties by publication that bids will be received from said banks at the January meeting of this Board for the privilege of keeping the County Funds collected by the Sheriff and Tax Collector and that said notice shall be given pursuant to Section 4341 of the Code of 1930 and that copy of the minutes shall be mailed in the month of December to each and every Bank in the adjoining counties; notices to provide that the bids of said banks bidding for the privilege of keeping said funds of said county will be received at the January 1935 meeting of this Board and must be on file by 10 o'clock A. M. on the First Monday of January A. D. 1935.

Whereas the Board of Supervisors by unanimous vote of all members duly elected deem it to be the best interest of the people of Supervisors District Numbers three and four to redistrict the said Supervisors' Districts Numbers Three and Four and

### ANNUAL STANISLAUS BAZAAR PROVES GREAT SUCCESS

#### Unsettled Weather Keeps Attendance Down

The annual Bazaar which was given by the Parents' Association Sunday, December 2nd increased the treasury fund by \$194.49. Considering the weather conditions prevailing last week-end the sum netted is indeed fine.

One of the most interesting concessions on the floor was the "Horse Race." The banners hanging from the ceiling were typical of the Fair Grounds while the actual running of the races was as thrilling as any as could be witnessed any day in New Orleans.

The "track" was laid on a white clock with lanes for each horse. Advances were made by the throw of dice. Many of the fence tipsters fell short of their marks frequently.

#### Circus Scene

Billy App and V. J. Gianelloni had a circus flavor to their concession. Behind a canvas hanging from the stage flies was Bob Goody, local negro character, who drew many shots at his gaping mouth. This proved as popular as the races.

The Novelty Committee sold out completely before the evening was very old. Their table was a very busy one for the time it continued business. The articles were the best that have been on display in many years.

Mrs. Edward Carre, President of the Parents' Association, wishes to use this means of thanking the Committees for their fine co-operation and also to extend thanks to all the Brothers and the boys who helped in making the Bazaar a success.

### MACCABEE ELECTION 20TH

Bay St. Louis Order of the Macabees will hold regular annual election of officers for '35, at the monthly meeting to be held on the evening of December 20, at Woodmen Hall, at the usual hour.

There will be a social to follow meeting. A turkey will be given as an entrance prize and refreshments will be served. A full attendance of membership is expected

Coast Newspapers have been printing much about the many poinsettia plants bearing their scarlet red leaves and berries. The coast has been alive with the decorative Christmas flower. But a cold snap Monday night, a little too severe, nipped the blossoms and drooped the plants to their death—until next season, when the bush arises from dormant roots and again grows luxuriantly all summer and fall.

Christmas Tree Lights 39 cents, a limited supply left at this price—Radio & Electric Service.

It might be well to bear in mind there will be a special election city of Bay St. Louis tomorrow—Saturday, at which time voters will be asked to vote "yes" on the proposed gas franchise ordinance. Too frequently, our people engrossed with the duties of day, forget and fail to vote. It might be well, if we may suggest, to vote early. The polling booths are located at the City Hall, down stairs.

Brilliant COAL, no clinkers, 2 per cent Ash—Stevenson & Wolfe, Phone 129-1.

Mrs. Albert S. McQueen returned home Wednesday evening from D'Lo and Jackson, Miss., where she had been visiting relatives and friends since Thanksgiving.

Bargains in Used Radios, Philco Majestic, Brunswick, Apex, Clarion and Gloriette—all of these in perfect condition and fully guaranteed—Radio & Electric Service.

Mr. and Mrs. C. J. Pitre have as their house guests this week an interesting party, including Mr. W. B. Martin of DeLand, Fla., Mr. and Mrs. J. O. Martin of Statesboro, Ga., Miss Eva Martin of New Orleans, and Mr. and Mrs. Harold Rhoden of Kentwood, La. The Messrs. Martin are brothers of Mrs. Pitre and Mr. Rhoden her son and Miss Martin her niece. It is a happy reunion and they are enjoying the lovely weather of the Mississippi Gulf Coast as well as Bay St. Louis' hospitality.

Complete line of Electrical Supplies and Appliances—Radio & Electric Service.

Mr. and Mrs. Ben F. Hille are rejoicing over the advent of a son at their home in Washington street, who made his appearance last week-end. This is their second child. #### MISS ELISABETH LOVE OF KILN AND MR. TUTRELL TO MARRY.

The Meridian Star says that a December nuptial in which Meridian relatives and friends are keenly interested is foretold in the formal announcement being made Sunday by Mr. and Mrs. Robert Davis Love, of Kiln, formerly of Meridian, of the engagement and approaching marriage of their daughter, Elisabeth Reed, to Floyd T. Luttrell, of Montgomery, Ala.

The wedding will occur on the afternoon of Tuesday, December 18, at the home of the bride's parents in Kiln.

Miss Love is the only daughter of Mr. and Mrs. Love, and is the granddaughter of the late Mr. and Mrs. Robert E. Harris, pioneer residents of Meridian, her mother being the former Loulie Harris before her marriage. She is also a niece of Mrs. Edwin
